points for the special area and provide information at the local BLM office.

§ 2932.14 Do I need a Special Recreation Permit to hunt, trap, or fish?

(a) If you hold a valid State license, you do not need a Special Recreation Permit to hunt, trap, or fish. You must comply with State license requirements for these activities. BLM Special Recreation Permits do not alone authorize you to hunt, trap, or fish. However, you must have a Special Recreation Permit if BLM requires one for recreational use of a special area where you wish to hunt, trap, or fish.

(b) Outfitters and guides providing services to hunters, trappers, or anglers must obtain Special Recreation Permits from BLM. Competitive event operators and organized groups may also need a Special Recreation Permit for these activities.

§ 2932.20 Special Recreation Permit applications.

§ 2932.21 Why should I contact BLM before submitting an application?

If you wish to apply for a Special Recreation Permit, we strongly urge you to contact the appropriate BLM office before submitting your application. You may need early consultation to become familiar with BLM practices and responsibilities, and the terms and conditions that we may require in a Special Recreation Permit. Because of the lead time involved in processing Special Recreation Permit applications, you should contact BLM in sufficient time to complete a permit application ahead of the 180 day requirement (see § 2932.22(a)).

§ 2932.22 When do I apply for a Special Recreation Permit?

(a) For all uses requiring a Special Recreation Permit, except private, noncommercial use of special areas (see paragraph (b) of this section), you must apply to the local BLM office at least 180 days before you intend your use to begin. Through publication in the local media and on-site posting as necessary, a BLM office may require applications for specific types of use more than 180 days before your intended use. A BLM office may also authorize shorter application times for

activities or events that do not require extensive environmental documentation or consultation.

(b) BLM field offices will establish Special Recreation Permit application procedures for private noncommercial individual use of special areas, including when to apply. As you begin to plan your use, you should call the field office with jurisdiction.

§ 2932.23 Where do I apply for a Special Recreation Permit?

You must apply to the local BLM office with jurisdiction over the land you wish to use.

§ 2932.24 What information must I submit with my application?

(a) Your application for a Special Recreation Permit for all uses, except individual and noncommercial group use of special areas, must include:

(1) A completed BLM Special Recreation Application and Permit form;

(2) Unless waived by BLM, a map or maps of sufficient scale and detail to allow identification of the proposed use area; and

(3) Other information that BLM requests, in sufficient detail to allow us to evaluate the nature and impact of the proposed activity, including measures you will use to mitigate adverse impacts.

(b) If you are an individual or non-commercial group wishing to use a special area, contact the local office with jurisdiction to find out the requirements, if any.

§ 2932.25 What will BLM do when I apply for a Special Recreation Permit?

BLM will inform you within 30 days after the filing date of your application if we must delay a decision on issuing the permit. An example of when this could happen is if we determine that we cannot complete required environmental assessments or consultations with other agencies within 180 days.

§ 2932.26 How will BLM decide whether to issue a Special Recreation Permit?

BLM has discretion over whether to issue a Special Recreation Permit. We will base our decision on the following
